## LINING 'EM OUT

Alexander, star pitcher of the Phillies and one of the monarchs of the mound, tallied his second victory yesterday. He held the Boston Braves to five hits. He looks to be in shape for another great season.

Alex scored the temptations of the Feds. He differs from that other Alexander the Great, who was always hankering for new fields in which to operate.

Matt Sippel broke out yesterday. He chirped this wheel: "Good baseball news from the south! Americans raided the feds and got Vera Cruz!"

We promised Matt to put that in. That is neither an excuse nor a palliation. It is just an explanation. We expect to get shot just the same.

For statistical reasons it is well for the student of the American league race to keep an eye on the performance of Frank Chance's Yankees. If Chance has a stronger club with which to campaign through the start of the season this year, it may make a considerable difference in the pennant race, shifting the balance a little towards any western club that shows real power. Last year the eastern clubs faffeted on New York, which won but 17 out of 64 games in the east. The Mackmen took 17 games from them and lost but five. Washington took 16 and Boston 14.

They ran over the team in the early part of the season. By the time Chance brought New York west he had his club in much better shape and was not so easily trimmed. His record with the west is 40 won and 17 lost. Towards the end of the year he had a winning club, but the eastern teams got a crack at him when he was in bad shape and boosted their averages at his expense.

Just about the time the blacksmith chorus is due to charge the Federals with being accessories before the fact to those 11, 12 and 13-toning games, the Athletics and Boston staff pulling deadly-looking tie grapples.

Connie Mack is said to be looking wrinkled and worn because of the poor showing of the Athletics. Connie has a few wrinkles that he'll show the other fellows before the season ends that may shift the worn aspect to some other map.

Baseball players like Cobb and Mathewson—of which there are about 11-4 to each league—are the final words in their particular form of genius. They carry the rare faculty of being able to travel just fast enough to win.

When Jackson batted .395 Cobb went on to .429. But when Jackson only batted .370 Cobb stopped at .391. His speed was varied each season and all he used was merely enough to finish in front.

It is no longer Jack Johnson, but Jean Jeantil. The exiled smoke has taken out his first naturalization papers in France, and will do his fighting—ring and court—hereafter as a Frenchman.

For the fanatic who chucks his gray matter over the large and important affairs going on in the baseball fields of battle, there are certain number of things to consider in the early stages of the conflicts which will have an important bearing on the two races.

The card is to be as follows:

What effect will 40 years and 13 campaigns have upon Hans Wagner?  
What effect will 33 years and 13 campaigns have upon Napoleon Lajoie?

What form will Joe Wood assume after a long lay-off last season and a complete separation from his appendix?

What assistance will Ed Walsh obtain to furnish Russell, Cicotte and Scott?

And further:

What machine morale will Hank O'Day be able to instill in the Cuban?

How well Griff's new pitchers be able to help out Johnson and Boeckling?

Whether Koenig, Mowrey and Harmon will mare than supplant Rubin, Wilson, Butler and Miller?

How well McGraw has been able to plug that gap at third with both Shafter and Herzog missing?

## MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers.

If you must have meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the character often gets sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts at any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink.
